State Management & Navigation	Bloc (Cubit), Riverpod, Provider, GetX, Auto Route, Go Router
UI Development	Custom Widgets, Form Validation, MediaQuery, LayoutBuilder, AspectRatio
Backend and API Integration	RESTful APIs, Dio, HTTP, GraphQL
Tools	Postman, Swagger, GitHub, GitLab, Confluence Jira
Additional Features	Push Notifications (FCM), Animations, Payment Gateway Integration (Google Pay, Apple Pay, eGHL, senangPay), Google Maps

EXPERIENCE

Flutter Developer   Present
Everestwalk Groups Pvt. Ltd., Basundhara, Kathmandu.

- Led the development of scalable Flutter applications, ensuring high performance and maintainability.
- Designed and implemented intuitive UI/UX features, improving user engagement.
- Developed a standalone project integrating Google Maps for location-based services.
- Utilized ObjectBox and SharedPreferences for efficient local data management.
- Published and maintained applications on the Google Play Store.

Flutter Developer   2023-2024
Rolling Plans Pvt. Ltd., Bijulibazar, Kathmandu.

- Migrated an existing app to a newer version, ensuring seamless updates and stability.
- Implemented Firebase Cloud Messaging (FCM) to enhance user engagement through push notifications.
- Developed location-based services with Google Maps, improving navigation and data visualization.
- Integrated payment gateways such as eGHL and senangPay.
- Managed app deployment and updates on the Google Play Store and Apple App Store.

Freelance & Independent Projects   2024-Present

Self-Employed / Freelance

- Resolved complex issues and optimized app performance, reducing crashes and improving stability.

- Contributed to the development and maintenance of the Rara Foods application, enhancing user experience.

- Integrated Google Pay and Apple Pay, streamlining the payment process.

- Ensured smooth deployment, maintenance, and feature updates for scalability.

Flutter Developer Internship   2023

Kush Fintech Consultants, Mid Baneshwor, Kathmandu.

- Assisted in building Flutter applications with optimized UI/UX designs.

- Integrated GraphQL APIs for efficient data retrieval and dynamic content updates.

- Developed reusable widgets and handled file/image uploads.

- Worked collaboratively with a development team to meet project deadlines.

ADDITIONAL TECHNICAL EXPERIENCE

React Native (Basic)

- Resolved minor bugs in existing React Native applications.

- Integrated push notification services using Firebase Cloud Messaging (FCM).

- Designed and implemented UI screens based on provided specifications.

CERTIFICATIONS & TRAINING

- Flutter Bootcamp (3 Days) – TechTrix (2022)

- Introducing to Flutter Development using Dart – App Brewery (2022)

- 60 hours Click2Career Flutter Training Session – InfoDevelopers (2022)

PROJECTS

Workspace Projects

- Castin.io ([Google Play Store](#) / [App Store](#))
